Who Are We?

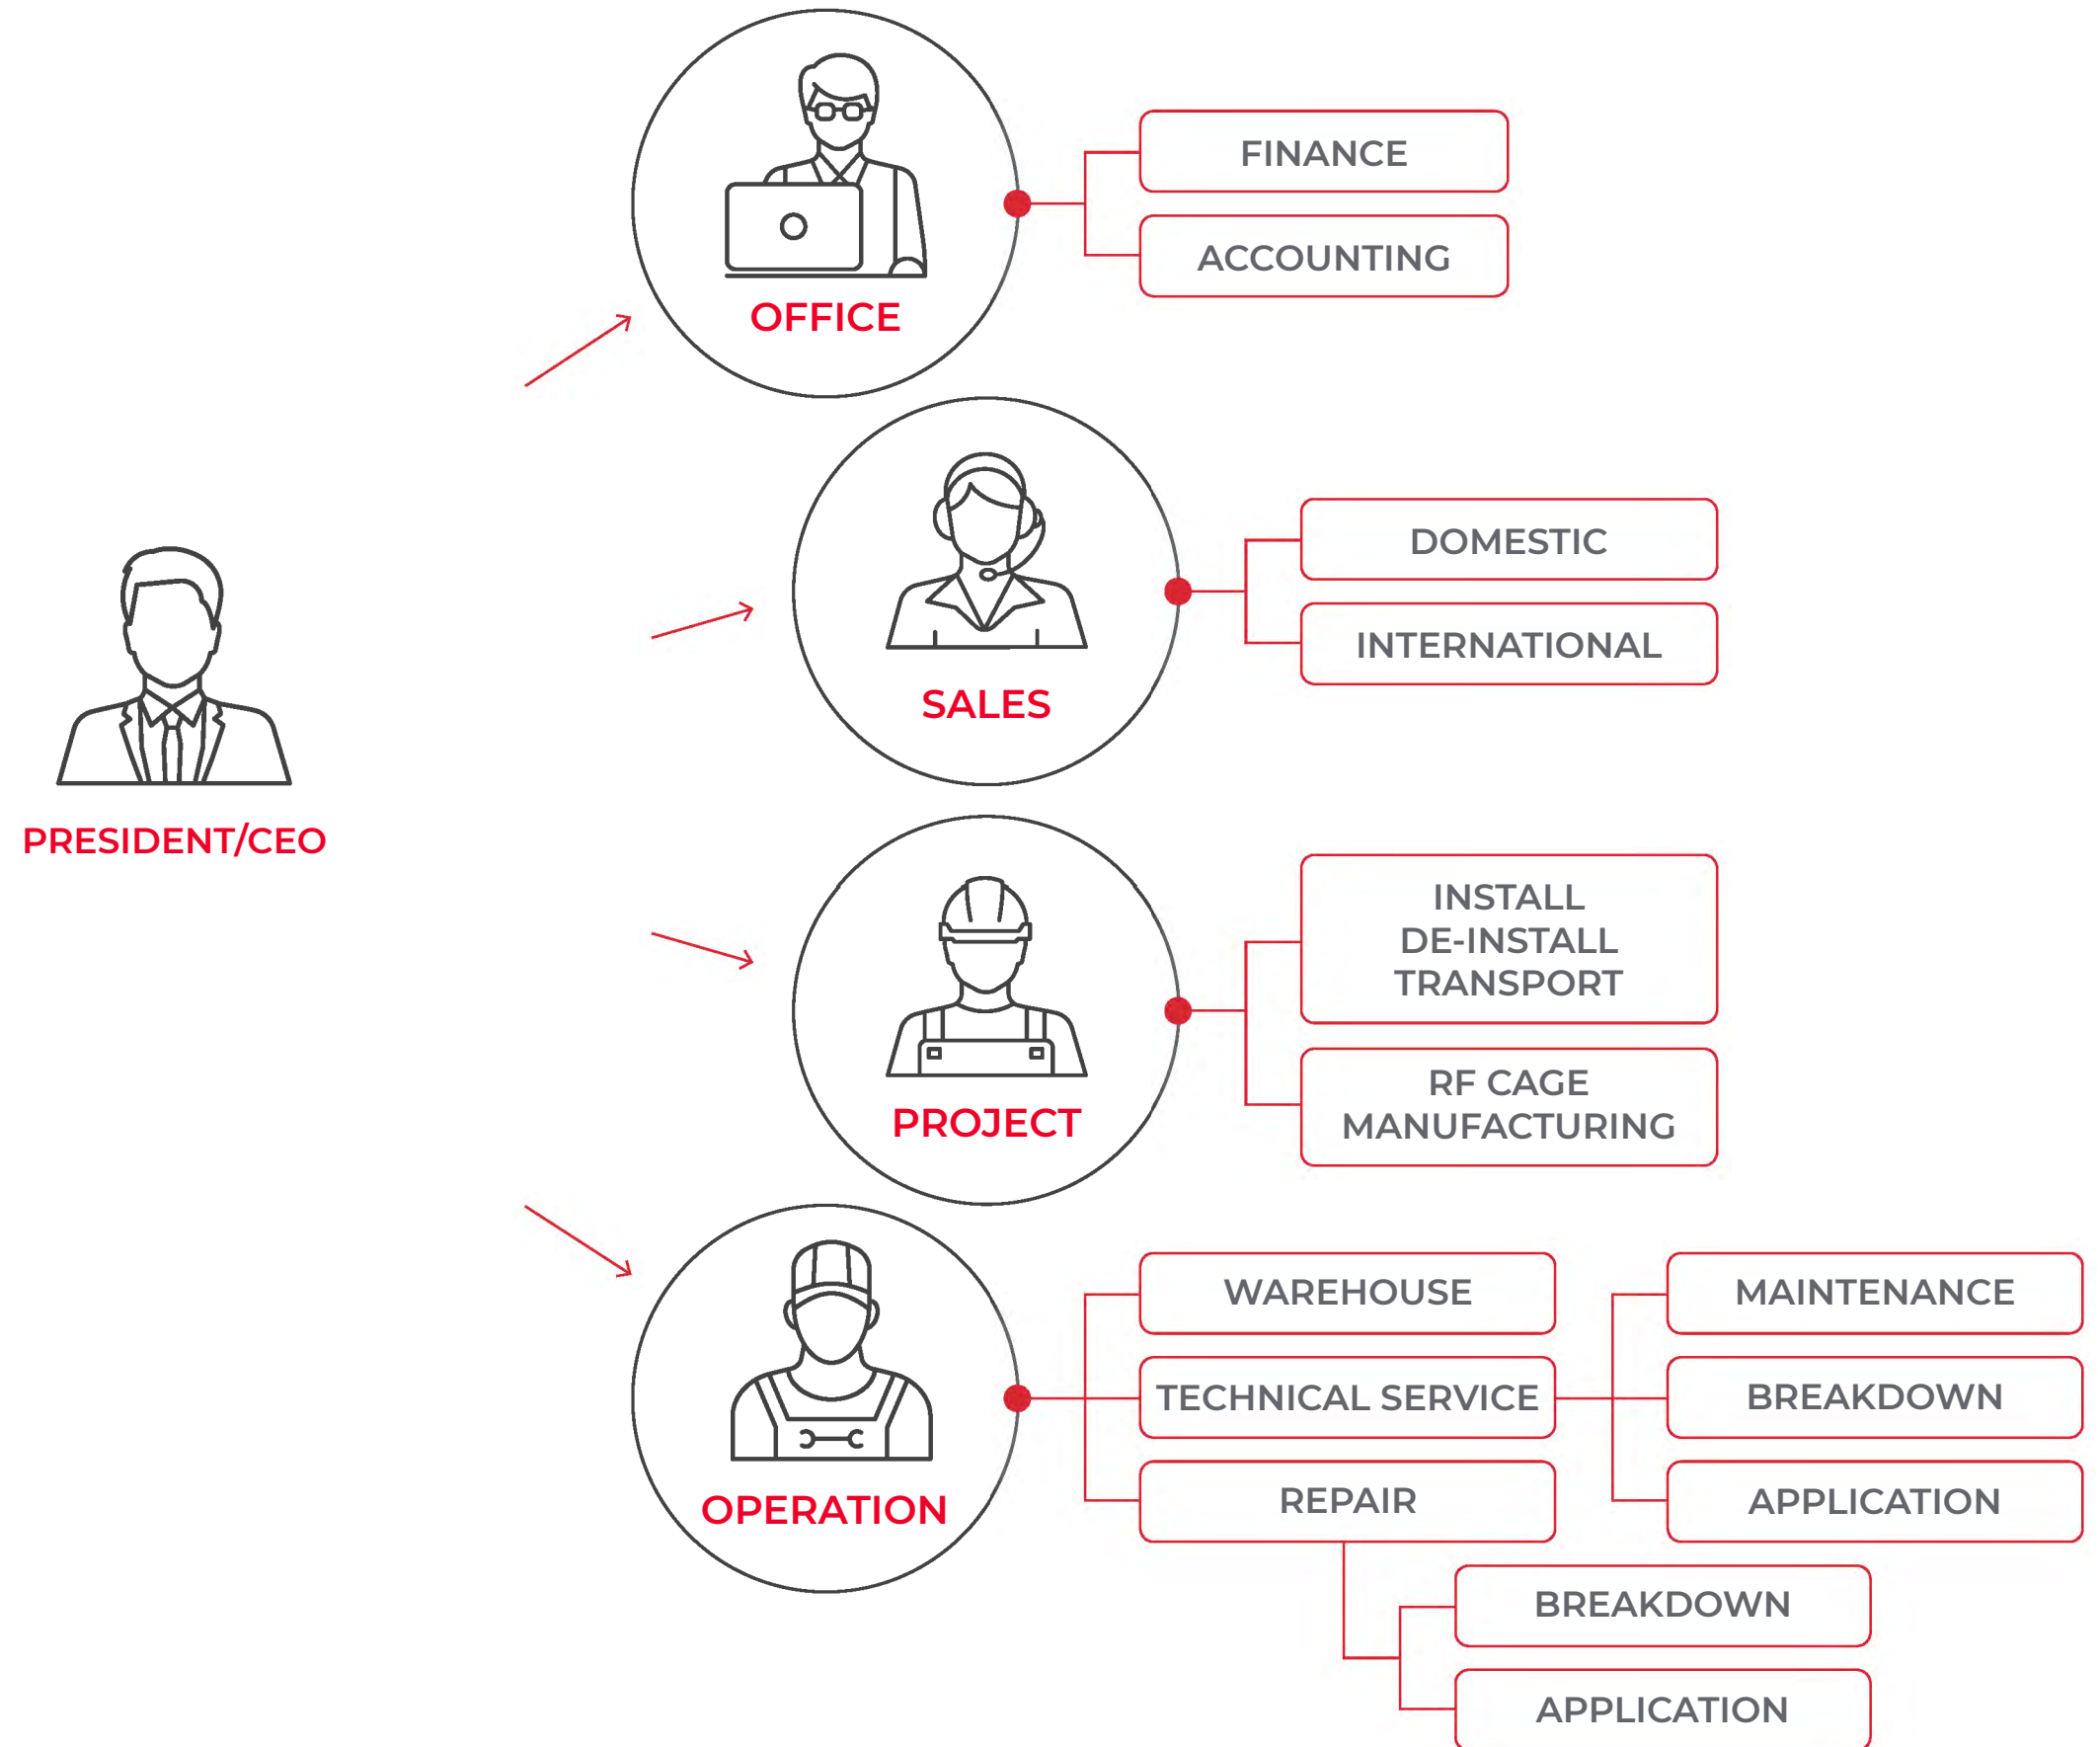

We, Renova, are a medical engineering team that provides 360° service and maintenance for advanced radiological systems such as MR, CT, Angiography, X-Ray and Ultrasound.

We are a reliable solution partner for hospitals and imaging centers in areas such as maintenance, repair, spare parts supply, refurbished second-hand device trade, commissioning and storage in the scope of this 360° service.

- 2015** — **Founded**
- 2016** — **100th Coil Repair**
- 2017** — **First transportation and filling of liquid Helium**
- 2019** — **First RF Room installation made by Renova**
- 2020** — **First MR installation abroad by Renova**
- 2023** — **More than 400 radiology systems maintenance contracts in Türkiye**

Service network in Türkiye, Europe, Asia, America and the Middle East and Africa

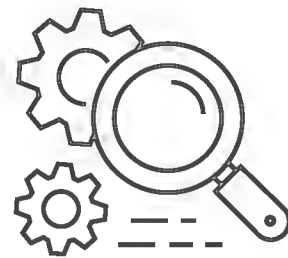

Operational Structure

Products & Services

SERVICE

- Periodical Maintenance
- Troubleshooting
- Inspection
- Start-up Operations
- Magnet Ramp-Up & Ramp-Down
- Magnet Cooling
- Liquid Helium Filling

REPAIR

- Coil Repair
- Electronic Parts Repair
- X-Ray Tube Repair
- High Voltage Transformer Repair
- Refurbishing

360° END TO END SOLUTIONS & SERVICES

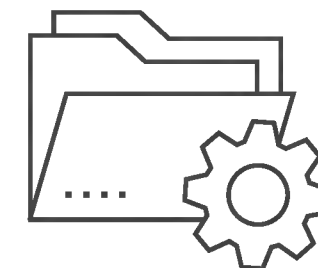

SALES

- Refurbished Systems
- Spare Parts
- Liquid Helium
- Training (Service & Application)
- RF Room
- UPS
- Chiller
- Turnkey Project

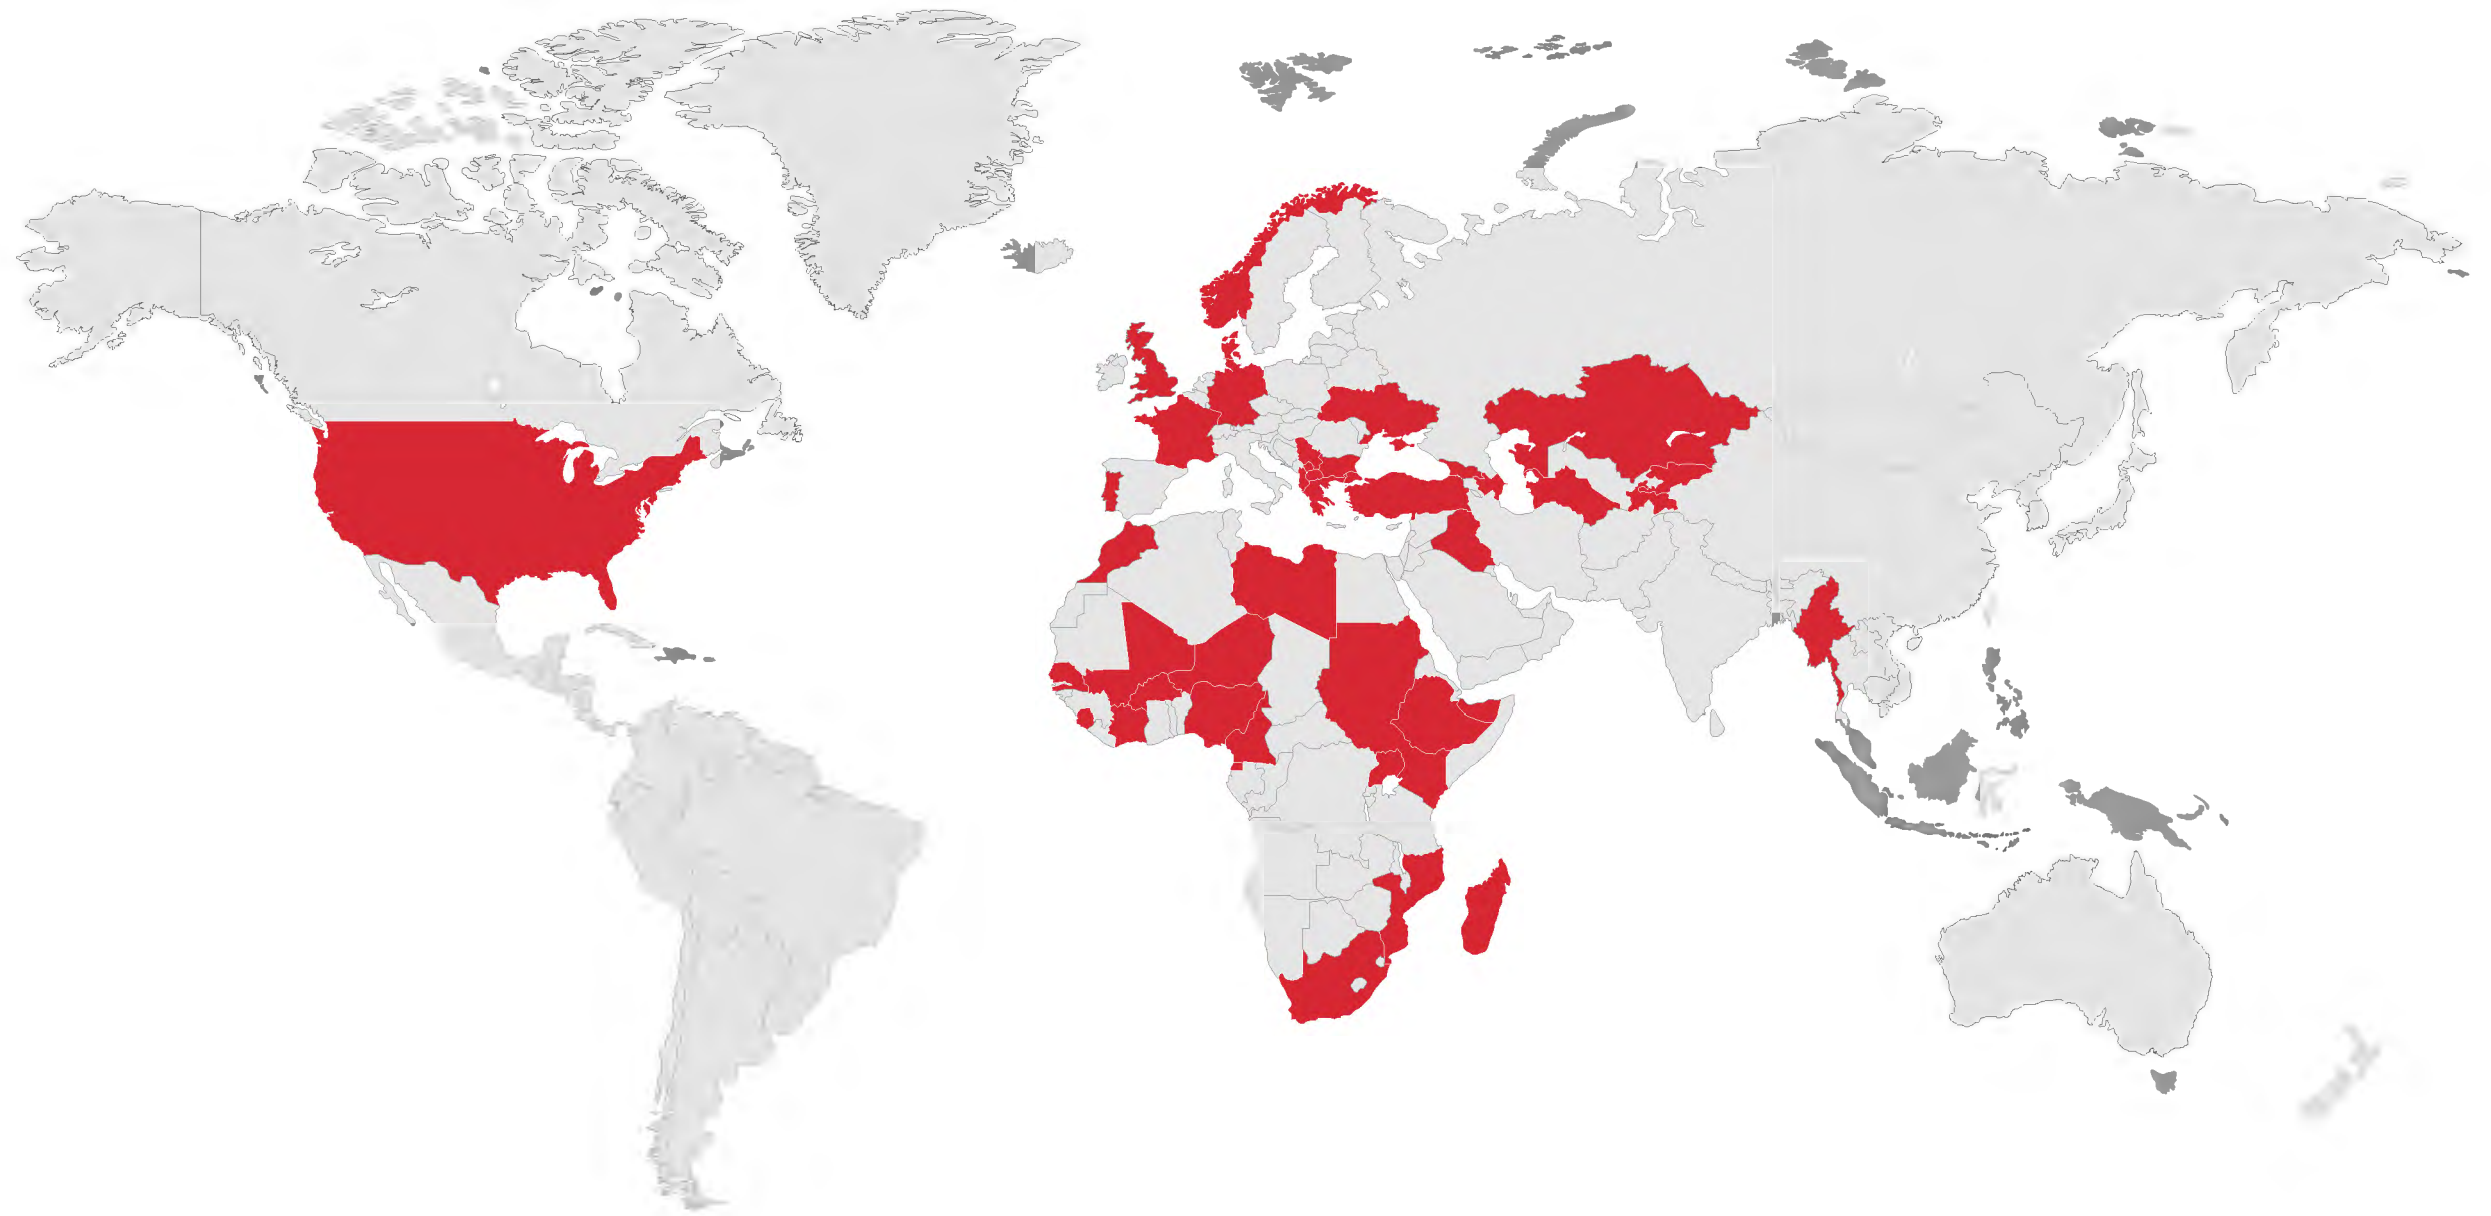

PROJECT

- Project Planning
- Radiology & Oncology Systems
- Installation & De-Installation
- RF Room Manufacturing & Installation
- Interior Decoration
